

KATOWICE, Poland CASE STUDY

SILESIA REGION (Śląskie Voivodship)

I. Summary of Regional plan for e-Governance	
1. Major objectives	<p>There is still no Regional e- Strategy for Śląskie Voivodship but the programming phase will start in the next few months. The only regional programme, which is related to the ICT is Regional Operational Programme for Śląskie Voivodship 2007 – 2013 (ROP).</p> <p>General objective of priority 2 of ROP is to create the conditions for development of information society in the region. The general objective will be achieved by the two detailed objectives:</p> <ul style="list-style-type: none"> • To provide the public, broadband and safety access to the Internet, • To increase the number of e - public services
Priorities	The priority 2 (information society) of ROP
Planning	<p>On the ROP level:</p> <p>There is planned to implement within the Śląskie Voivodship projects:</p> <ul style="list-style-type: none"> • building and regeneration of MAN and broadband networks, Internet access networks, PIAPs, equipment for network management centres, • eGovernment, eDemocracy, eSecurity systems, management support systems for public administration, <p>On the e-Strategy level:</p> <ul style="list-style-type: none"> • investigations, analysis and expertises for the diagnose of ICT situation in Śląskie Voivodship within next few months, • Strategic settlements and defining the strategic choices
